The Liberal Party could well be elected in 2010 and their platforms will no doubt shape South Australia from that point forward.

Here is a unique opportunity to hear from the Leader of the Liberal Party in SA and hear first hand their views on:

- **Land Tax Reform** (SA pays 126% more than the national average)
- **Stamp Duty** for first home buyers (there is no stamp duty payable in NSW for first home buyers)
- **State First Home Buyer Assistance Packages** (Ongoing)
- **Review of the Real Estate Industry Reform Bill** (what elements would the opposition change and why?)
- **Opening up land** for housing in SA
- **How the housing market should develop** under a Liberal Government
- **High Density Developments** what is on their agenda?
- **High Rise Developments** – are they for or against and why?
- **Infrastructure Projects** under a Liberal Government
- **Payroll Tax**
- **Making SA business friendly**
- **Eliminating Council Planning bureaucracy**

Please attend and put your views forward as to these and other issues which could dramatically affect our future.
