Temptation Cruises

"Temptation" is a 58ft x 32ft aluminium high performance sailing catamaran, built as a passenger charter vessel in Adelaide.

She is twice as wide as most vessels her size which means greater stability. She is designed to cut through water, rather than bouncing over the top of the waves, which all adds up to a smoother cruise. She only has small engines (two 37.5hp) and uses her sails on most cruises.

The perfect site for special occasions and magical experiences with one of nature's most intelligent creatures – the dolphin.
